

apricot jello works for a peach colored punch.  
Serves about 50

### Slush Punch

- 3 - 3oz pkg Black Raspberry jello
- 5 cups boiling water
- 12 oz frozen lemonade
- 2 - 46 oz. Cans pineapple juice
- 6 cups cold water
- 3 qt. gingerale or 7-up

In a large container, dissolve jello in boiling water. Add 6 cups cold water and lemonade, and pineapple juice. Stir to mix well.

This recipe makes about 6 qt. of base. The most convenient way is to freeze the base in 2 qt. amounts in plaster ice cream buckets.

To serve: Take base out of freezer 3-4 hrs. before serving to begin thawing. Place partially thawed punch base in a large container. To each 2 qts. of base, add 1 qt. of ginger ale. Mix together (an old-fashioned potato masher works well) to make a slush punch. Pour into Punch Bowl.
