

# Cherry Cheese Cake

Eunice Brodahl served a very tasty dessert at a meeting I attended; so, just to keep her phone from ringing off the wall, here is the recipe:

Prepare one Jiffy cake mix according to directions on box. Bake in 9 x 13 pan, and cool.

Beat one 8 oz. pkg. cream cheese with electric mixer; add one 3 oz. pkg. vanilla instant pudding and 1½ cups of milk. Beat till smooth. Pour this over cake and let set in refrigerator. Pour over this layer a can of prepared cherry pie filling. Top with whipped cream or cool whip. Serves 15.
