'Can't Believe It'

You won't believe how good this dessert is until you try it. Pour 1 can prepared cherry pie mix into an 8-by-9-inch square pan. Over this sprinkle (yes, dry!) 1 small package white or yellow cake mix, or half a large package of cake mix. Over all pour $\frac{1}{4}$ cup melted butter. Bake in 350 degree F. oven for 40 to 50 minutes or until golden brown. Serve with whipped cream or
